What do I need to do for our existing integration

For our integration with LetKnow Pay in order to start accepting payments from Binance users network fee free – the only change is needed in the Jason request. No other changes.

For crypto-to-fiat and POS merchants:

JSON Request:

```
{
  "currency": "BINANCEPAY",
  "currency_receive": "USD" or "EUR",
  "receive_amount": "40.99",
